

# **NORTHPARK DENTAL**

## **COVID-19 UPDATE**

**In response to the current Covid-19 situation - and in order to provide for the safety of all concerned - we have instituted a number of changes to our usual office procedures. Among these are:**

- **A request that patients wear a face-covering when arriving**
- **Hand-sanitizer is available for use upon arrival and departure**
- **A specific Covid-19 screening survey will be given to each patient before their appointment begins**
- **Temperatures will be taken upon arrival**
- **Social-distancing has reduced the available seating in our reception area**
- **You have the option of utilizing one of our vibrating pagers which allows you to wait in your car until you are called to a treatment room**
- **Magazines and toys have been removed from the reception area**
- **Administrative personnel will be addressing you from behind an acrylic panel**
- **Augmented PPE will be worn by clinical staff for most procedures**

**We all hope that life will soon return back to “normal”. In the meantime, we have instituted these measures in order to better protect the health of our patients, our employees, and their families.**

**We thank you for your continued trust in Northpark Dental.**
